44 Growing Years

Every person's body is unique and will develop at its own pace.

Physical changes during puberty do not change the kind of person we are.

We can continue to develop our unique qualities and skills.

Choose at least one encouragement sticker from page 63 for yourself.

Family Chat Time

I can...

- reflect on my learning about puberty by completing these sentence starters
'I used to think...'

Tips for Building Your Child's/Ward's EMOTIONAL STRENGTHS

- 1 Take time to actively notice and name your child's/ward's emotions together.
- 2 Connect with your child/ward on an emotional level. Eg. Make talking about their feelings a natural part of conversations.
- 3 Embrace all of your child's/ward's emotions (avoid being dismissive or disapproving).
- 4 Discuss how your child/ward can manage his/her negative emotions. Eg. Practise the breathing or squeezing exercise.
- 5 Role model how you manage your emotions appropriately. Eg. Calmly admit that you are upset and take a 10-minute time-out.

FAMILY TIME

What can you do to help overcome these challenges? Complete the activity below by ticking the boxes. Identify as many kind choices as you can.

My family and I can do our part during food supply disruptions by:

- ☐ Being flexible with our food choices
- ☐ Rushing to the market or supermarket to buy more food than we need
- ☐ Showing kindness and sharing food with our neighbours and friends
- ☐ Following the news to find out if any food is unsafe for consumption
- ☐ Buying local produce (fresh food that is grown in Singapore farms)

Did you know?

The Singapore Food Agency (SFA) ensures and secures a supply of safe food into Singapore.

Ever wondered how SFA maintains food safety? Scan the QR code and watch this video to find out how food inspectors and scientists conduct food safety checks.

SFA has also introduced the Singapore Fresh Produce logo.

When you see this logo on a food packaging in the supermarket, it means the food was grown here!
