## GROWTH MINDSET

Build resilience by

- reframing students' approach to challenges
- improving abilities through effort, learning, and persistence.

Instead of thinking "I can't do this," they think "I can't do it yet."

I am brave enough to try!

**Our intelligence and abilities can grow with hard work and effort!**

I can learn from my mistakes!

I can try to do it another way.

I can't do this YET!

I can train my brain.

I will keep practising.

I will do my best.

I am brave enough to try.

Learning is my superpower!

I can try again.

I can learn how.
