JYPS PD Framework

Subject-Based Banding (SBB)

@ PRIMARY 4

Student sits for school-based examinations

School recommends a subject combination based on the student's results.

Parents fill up an option form indicating the preferred combination.

@ PRIMARY 5

Student takes subject combination chosen by parents

English Language, Mathematics, Science and Mother Tongue Language are available at standard and foundation levels.

Higher Mother Tongue Language is also available.

School assesses student's ability to cope with the current subject combination at the end of the year. Adjustments to the number of standard and foundation subjects can be made, if necessary.

@ PRIMARY 6

Student takes subject combination decided by his school and sits for Primary School Leaving Examination (PSLE) at the end of Primary 6.

WHAT IS THE INTENT OF THE PSLE?

A useful checkpoint at the end of primary school

A fair way to determine secondary school posting

Over the years, we have been changing the education system to help our students discover and develop their strengths, interests, abilities and talents while moving away from an over-emphasis on academic results. Our PSLE Scoring system reduces the over-emphasis on academic results by:

1

Reducing fine differentiation of students' examination results at a young age.

2

Recognising a student's level of achievement, regardless of how his/her peers have done.

3

Encouraging families to choose secondary schools holistically based on students' strengths, interests and learning needs.

The revised PSLE scoring system **will not change** the considerations for deciding on a student's subject combination at P4/ P5.

PSLE Scoring

Reflects a student's individual level of achievement

Unlike the current T-score, students' AL for each subject will reflect their level of achievement, rather than how they have performed relative to their peers.

AL	RAW MARK RANGE
1	≥ 90
2	85 – 89
3	80 – 84
4	75 – 79
5	65 – 74
6	45 – 64
7	20 – 44
8	< 20

Foundation Level AL Reflected on Result Slip	Foundation Raw Mark Range
A (AL6)	75 – 100
B (AL7)	30 – 74
C (AL8)	< 30

Calculating the PSLE Score

- The PSLE Score replaces the T-score aggregate.
- It is obtained by adding the ALs of four subjects.
- The PSLE Score ranges from 4 to 32, with 4 being the best.

ENGLISH	AL3
MOTHER TONGUE	AL2
MATHEMATICS	AL1
SCIENCE	AL2

PSLE SCORE: 8

Posting Groups	PSLE SCORE
G3 EXPRESS	4 – 20
G3 or G2 EXPRESS / N(A)	21 – 22
G2 N(A)	23 – 24
G2 or G1 N(A) / N(T) option	25
G1 N(T)	26 – 30, with AL7 or better in both EL and MA

Calculating the PSLE Score

- The PSLE Score replaces the T-score aggregate.
- It is obtained by adding the ALs of four subjects.
- The PSLE Score ranges from 4 to 32, with 4 being the best.

ENGLISH	AL3
FOUNDATION MOTHER TONGUE	ALB
FOUNDATION MATHEMATICS	ALB
SCIENCE	AL5

PSLE SCORE: 22

Posting Groups	PSLE SCORE
G3 EXPRESS	4 – 20
G3 or G2 EXPRESS / N(A)	21 – 22
G2 N(A)	23 – 24
G2 or G1 N(A) / N(T) option	25
G1 N(T)	26 – 30, with AL7 or better in both EL and MA

FULL SBB: S1 POSTING

Three Posting Groups to ensure schools are accessible to diverse learners

From the 2024 S1 cohort, MOE will facilitate the admission of P6 students into S1 through 3 Posting Groups: **Posting Group 1, 2 and 3.**

Objective: Ensure that schools continue to admit a **diverse profile of students** and students have **access to a wide range of schools.**

Unlike the-academic streams of Express, N(A) and N(T), Posting Groups will only be used for the purposes of facilitating entry into secondary school and to guide the subject levels students offer at the start of S1.

- Posting Groups assigned based on PSLE Scores, mapped from existing PSLE Score ranges for Express, N(A) and N(T) streams.
- PSLE Scores provide a good gauge of the subject levels that students can offer at the beginning of S1

PSLE Score	Posting Group	Subject level for most subjects
4 – 20	3	G3
21 and 22	2 or 3	G2 or G3
23 and 24	2	G2
25	1 or 2	G1 or G2
26 – 30 (with AL 7 in EL and MA)	1	G1

Scoring for MTL-exempt and AsL/FL* students

For students who are exempted from MTL or take an AsL/FL in lieu of an official MTL, their PSLE result slip will only reflect the three subjects they have taken.

However, for the purposes of Secondary 1 posting, these students will need an assigned MTL score so that they have a PSLE score comprising four subjects

- To determine the assigned MTL score, reference is made to MTL scores of other students who have achieved similar scores in English, Mathematics, and Science.
- This is the same approach taken in the T-score system.

**Asian language/ foreign language*

Scoring for MTL-exempt and AsL/FL students

In reviewing the score assignment for these students under the new PSLE scoring system, we needed to strike a balance between:

- Acknowledging that students have valid reasons for seeking MTL exemption or taking an AsL/FL, and
- Ensuring some parity between scoring for exemption, Foundation and Standard MTL.

Scoring for MTL-exempt and AsL/FL students

Under the new scoring system, the assigned MTL score will :

- Take reference from peers with similar scores for English, Mathematics and Science;
- While maintaining parity of treatment with students who take Foundation MTL (who will score between AL 6 to 8).

Hence, students will receive an assigned MTL score between AL 6 to 8 in PSLE.

PSLE Scoring System

The PSLE scoring system will help your child focus on their learning instead of how they compare to others.

The PSLE is a useful checkpoint to gauge your child's understanding of key concepts and academic strengths. This will help your child learn at a suitable pace when they progress to secondary school.

Direct School Admission for Secondary Schools (DSA-Sec)

Entering a Secondary School

PSLE/S1 Posting Process

- Based on a student's **PSLE score**
- **Most students enter secondary schools this way**

DSA-Sec

- Based on a diverse range of **talents and achievements in specific academic subjects or non-academic areas, beyond what the PSLE recognises**
- Allows students to **access school programmes to develop their talents**

Direct School Admission

Is DSA-Sec right for my Child?

If your child has specific talents which a school offers the DSA-Sec in

And is passionate about and committed to developing his/her strengths and interests

DSA-Sec can support his/her development in that talent area.

Your child can apply for DSA even if he/she is not in the CCA that is applied for .

Direct School Admission

Which School should my Child Apply to?

- Look for schools with **programmes that match your child's strengths and interests**
- Learn more about the secondary schools' ***pace of learning*** and ***overall range of programmes***
- **Get the latest information** about what each school offers:
 - Visiting schools' websites
 - Attending schools' Open Houses to experience their environments and cultures

Choosing a Suitable Secondary School

- **Discuss with your child**
- **Consider your child's learning style, strengths and interests when making school choices in order to find a school that would help the child learn and thrive best.**
- **Discuss the options with the child, with the following considerations:**
 - **Values:** What is the school's culture and ethos?
 - **Learning environment:** Is the school's learning environment right for the child?
 - **Distinctive programmes and CCAs:** Can the school support and develop the child's interests?
 - **Location:** Is it too far from home?

How will the child get to school?

Choosing a Suitable Secondary School

- **MOE SchoolFinder tool** - More information on secondary schools can be found here and on school websites.
- **Open Houses** - Secondary schools also hold open houses where you and your child can learn more about the school's programmes, and speak with teachers and students.
- **Indicative cut-off points ranges for different school types**
 - MOE will be providing indicative AL COPs for secondary schools, in the SchoolFinder.
 - The actual cut-off points may differ, depending on how students exercise their choices that year.

School-Home Partnership

Our children do best when schools and parents work hand in hand to support them.

Guidelines for School-Home Partnership

Raising a Happy, Confident, and Kind Generation Together

Respectful Communication

Foster kind words and actions
between schools and educators

Listen to and understand each other's perspectives
and concerns regarding each child

Communicate kindly using official
channels. Teachers are not required to
share their personal mobile numbers

Respect each other's time by communicating during
working hours

***We seek your understanding that teachers will
respond to your emails and phone calls between 7.30
am to 5.30 pm on Mon to Fri***

Official Channels of Communication

Communications with parents:

- JYPS Bulletin for Parents (School Website)
- Parents Gateway (MOE App)
- Student Diary
- Parent-Teacher Meeting / Briefing
- Class DOJO
- Emails (school/teachers)
 - Generic email address: junyuan_ps@moe.edu.sg
- Phone calls (parents can call GO to leave a message for the teachers)
 - General Office: 67831495
- SMS from school (sent to primary Point of Contact)

We seek your understanding that teachers will respond to your emails and phone calls between 7.30 am to 5.30 pm on Mon to Fri

Role Models

Show our children the skills and values they need for life

Model good values in words and actions

Find joy in everyday experiences with our children

Instill confidence by encouraging responsibility and believing in our children's abilities

Check out this video on MOE YouTube for tips on how parents can support the social-emotional learning of their children.

Real Connections

Cultivate strong relationships and healthy habits in this digital age

Establish good habits for our children to stay confident and in control of their technology use

Provide a balanced mix of engaging online and offline activities, at school and at home

Build strong bonds through shared experiences and meaningful conversations

Building Relationships Page 20

Helping Your Child Build Healthy Relationships

Healthy relationships and supportive networks contribute to your child's overall well-being, and allow them to experience a sense of community and belonging.

Things You Can Do

- Expose your child to a range of social situations.**
 - For younger children, create opportunities for them to interact with other children of similar ages (e.g. attend school camps).
 - For older children, encourage them to make friends with peers who have similar interests.
- Encourage your child to strengthen existing relationships.**
 - Foster healthy relationships with supportive extended family members.
 - Encourage your child to stay in touch with their friends and trusted adults (e.g. meet up with former classmates, visit former teachers on Teachers' Day).

Things You Can Say

1 Talk to your child about the qualities that make a good friend (e.g. empathy, being respectful), and how to exhibit these qualities.

When you see your friend struggling, put yourself in their shoes. How would you want a friend to support you?

2 Older children are often figuring out the balance between being themselves and fitting in with others. Stay connected with your child and let them know that they can talk to you if they feel pressured to act in ways that they are uncomfortable with.

If you ever feel pressured to do something or be someone you are not in order to fit in, please know that you can come to me to share your thoughts and struggles. We will work through that together.

3 Listen to your child's problems and ask probing questions to help them find ways to resolve their friendship issues.

How has this affected you or your friend?

What are your expectations of a good friend?

How can you make things better?

Navigating the Digital Age Page 54

Helping Your Child Thrive in the Online Space

It is important to help your child understand that not everyone holds the same point of view as them. To help them navigate these differing viewpoints, you can guide them to express their opinions confidently online while respecting others' opinions. This will help them contribute to a healthy online community.

Things You Can Do

1 Encourage your child to keep an open mind and provide opportunities for them to access information that would enable them to consider issues from multiple perspectives.

Why do you think they said that?

If you were in their shoes, would you agree with their opinion?

Consider the issue from another perspective by applying **S.U.R.E.** (Source, Understand, Research, and Evaluate).

2 When your child is responding to another person online, encourage them to exercise empathy and respect. If you notice that your child is engaging in negative behaviours (e.g. sending unkind messages), correct them and help them to understand why their actions are wrong.

Is your message respectful and empathetic?

Consider the issue from another perspective by practicing **T.H.I.N.K.** (Truthful, Helpful, Inspiring, Necessary, and Kind).

3 Posts with negative comments may upset your child, even if they are not directed towards them. Encourage your child to share their thoughts and feelings about these comments with you or a trusted adult.

How do these comments make you feel?

It's okay to feel upset. It's also okay not to respond to these comments. Shall we turn off the comments and notifications and do something else for now?
